

## Natural Resource Evaluations and Permitting

Harbor has successfully guided clients through the sometimes complex NEPA process. We provide environmental services related to environmental assessments, such as Section 7 consultation, USACE permitting, and Section 110 and 106 of the National Historic Preservation Act. We understand the federal process and its potential implications on public and private land development.

- Wetland/Stream Determination and Delineation
- Threatened and Endangered Species and Habitat Surveys
- USACE Section 401/404 Permitting
- Wetland Mitigation and Banking
- Cultural Resource Surveys and Consultation
- Desktop Biological and Ecological Surveys
- Wildlife Protection Area Special Use Permits
- USFWS Section 7 Consultation
- USFWS Section 10 Consultation
