Solid/Hazardous
Waste Management

Solid/Hazardous Waste Management

Every client generates waste, and Harbor is here to help. Our staff is involved in waste identification, program development, auditing and inspection, as well as on-site waste management staffing. We also enjoy opportunities to assist clients with waste reduction, recycling, and pollution prevention programs.

- Waste Management Program Development
- RCRA Waste Determinations
- Disposal Option Evaluations
- Hazardous Waste Inspections/Management Staffing
- Annual Waste Reporting
- Zero Landfill Initiatives
- Pharmaceutical Waste Management
- DOT HazMat/RCRA Waste Generator Training
- Waste Minimization/Pollution Prevention Programs
